BROWN COUNTY MAN DROWNS HIMSELF IN A SHALLOW POOL

Body of Denver Morrison Found in Shallow Pool on Farm in Cherry Fork Neighborhood.

Denver Morrison, aged 35 years and single, son of Mr. and Mrs. Frazier Morrison, near Cherry Fork, took his own life Sunday night of last week by drowning himself in a small and shallow hole of water in the creek near the home.

The parents are at a loss to account for a motive for the suicide of their son, as he was not known to have any trouble nor had he been in a noticeably depressed state of mind.

On Sunday evening when Mr. Morrison and his wife left home to attend the U. P. Church at Cherry Fork, the young man said he was not quite ready to start but that he likely would come along later.

He did not put in his appearance at the church, and when his parents arrived home and he was not in sight they supposed he had gone up stairs and retired for the night.

Mrs. Morrison, after she and her husband had retired, was to uneasy in mind over the events of the evening that she could not go to sleep and she finally had her husband go up stairs to see if their son was in bed. Mr. Morrison found the room empty. His son's best suit of clothes was on the bed and his every day clothes were hanging on the door.

Mr. Morrison notified his wife and a search was started for the missing member of the family.

Not until 5 o'clock Monday morning did Mr. Morrison locate his son Denver's lifeless body, which he found, clad only in his union suit of underwear, lying face downward in the shallow pool in the creek. He evidently had held his head under the water until he strangled to death.

INTEREST IN LEXINGTON TOBACCO FAIR IN COUNTY

As it now appears that there will be no Maysville Corn and Tobacco Fair this season, Mason county tobacco growers have begun to take considerable interest in the big Tobacco Fair to be held in Lexington next week, beginning on election day. It is now thought that there will be several entries in that show from Mason county farms.

BOYS BAND EMPLOYED FOR BIG Y. M. C. A. MEETING

Local Musical Organization Is Honored by Being Selected From Among List of High Class Bands to Furnish Music at Paris on Next Sunday.

Our famous Maysville Boys' Band is indeed bringing much advertisement out for our splendid little city but the latest compliment paid the local band was the selection of this organization at their own price from a list of high class organizations such as Storms' Military Band of Lexington and Weber's famous band of Cincinnati, to play at Paris, Ky., on next Sunday afternoon.

There will be a big Y. M. C. A. meeting at Paris in the interest of the State Y. M. C. A. work and in the interest of the Bourbon county Y. M. C. A.

The leader of the committee on preparations and music asked Colonel J. Barbour Russell, manager of the local band, if the band would fill the engagement and Mr. Russell set a price and said the band would come if special railroad accommodations could be made.

An effort was made to have the L. & N. officials make special arrangements to transport the band and failed but the chairman of the committee will have a number of Limousines and touring cars come here Saturday night and haul the band over to Paris early Sunday morning.

PRAYER MEETING TONIGHT

All members and friends of the Third Street M. E. Church are specially urged to attend the prayer meeting service this evening at 7 o'clock. Our prayer meetings are growing in attendance and power. They will be a power in the advanced program of the church. Come out this evening and be in line for the great work. The choir will practice at close of prayer meeting.

ANNUAL RUSH FOR HOUSES IS BEGUN

All of the local real estate agents report that the annual rush for houses has already begun this year, beginning more than a month early. When the local tobacco season opens there is always a great rush for rented houses but this year the rush has already begun and it looks as though the houses will not be available to house all of the people who want to become Maysvillians.

Ledger Service—Efficiency.

GET THE HOOK!

Four years ago the Democrats of Kentucky elected Mat S. Cohen Commissioner of Agriculture. Mat's specialty in farming is the hookworm. He immediately hooked the Democratic Legislature into raising his salary \$1,500 a year, but the Attorney General ruled it was against the law. Cohen then hooked an expense account on the taxpayers which, from July 1, 1915, to June 30, 1919, amounted to \$4,153.93.

Then Cohen hooked the taxpayers with bills from \$5 to \$10 a day for attending meetings of various boards in his department which his duties as Commissioner of Agriculture would require him to attend anyway. This bill ran up to \$620 for eighty-three days. In 1917 he charged the taxpayers \$50 for attending the State Fair, besides \$100 for hotels, taxis, etc.

The hookworm is a persistent cuss. Cohen likes his job with the people so much that he is now the Democratic candidate for Secretary of State.

Do you taxpayers want to be hooked any longer?

REPUBLICAN STATE CAMPAIGN COMMITTEE.

DEMOCRATS TAKE LEAD, BUT SHOW BIG DECLINE FROM 1915

Special Registration Gives Democrats In City of Maysville a Lead of 16 Voters But Comparison With 1915 Shows They Have Lost 170 Voters.

The special registration which closed Wednesday at the County Clerk's office put the Democratic voters in the city of Maysville slightly in the lead in registered voters being just 16 voters ahead of the Republicans but a comparison between the registration in the city of Maysville this year with the registration in 1915 when the last state race was made gives the Republicans much encouragement and shows that the Democrats in the past four years have lost a total of 170 voters which will count considerably when the returns come in on next Tuesday evening.

The special registration which has been in progress for the past three days totals up as follows:

| | Rep. | Dem. | Ind. |
|-----------|------|------|------|
| Monday | 34 | 38 | 3 |
| Tuesday | 10 | 32 | 4 |
| Wednesday | 17 | 25 | 5 |

Total 61 95 12
Regular Registration 599 581 52

Total Registration... 660 676 64

These figures show that although the Republicans held a lead of 18 voters in the Regular Registration, the Democrats gained in a lead of 16 voters with both regular and special registrations combined.

A comparison of the totals of this year's registration with the totals of the 1915 registration, which was the registration prior to the last state election is quite interesting. While it shows that the Republicans have lost a total of 25 voters, it shows that the Democrats have lost a total of 170 voters, which is considered a very big loss in a county with a vote the size of Mason county and which will tell very much in the counting of the votes on election day.

| | Rep. | Dem. | Ind. |
|--------------------|------|------|------|
| 1915 Registrations | 685 | 846 | 81 |
| 1919 Registrations | 660 | 676 | 64 |

Loss 25 170 17

These figures are quite encouraging to the Republicans of Mason county while they cast a deep gloom over the Democratic organization of the county.

FIRE ENGINES RETURNED TO CINCINNATI, OHIO

The two Cincinnati fire engines which have been used here for the past several weeks during the period when the city's water system was out of commission, were shipped back to Cincinnati Wednesday. The engines came in quite handy during the time they were here and besides being used to put out dump fires and thoroughly clean the city reservoir, they were always ready for use in case of a fire during the period that we had no pressure in the city mains.

Boggs was named administratrix and she qualified without bond as was requested in the will.

NEW SERIAL IS A THRILLER

"The Great Gamble" the new serial which started at the Pastime last Friday is some thriller. Everyone who saw the first episode, speak well of it. PEOPLESWAREHOUSE WILL BE LOCATION OF BIG SWINE SALE

Pure Bred Swine Sale to Be Held Here On Next Thursday Will Be Held In the Peoples Tobacco Warehouse—Great Crowd Expected.

Arrangements have just been completed by the officers of the Mason County Swine Breeders' Association with the officials of the Peoples Tobacco Warehouse Company to hold the big pure bred swine sale on next Thursday in the company's large looseleaf tobacco warehouse on Bank street just East of the Limestone bridge.

A better place for the sale could not have been selected as the warehouse is in splendid shape for such a sale with all of the necessary room and as the warehouse is one of the best located in the entire city, being within only a few minutes' walk from the center of the city and within a few steps of the street car line.

Secretary George Kirk this morning stated that already there had been seventy pure bred animals listed for this sale and that this number would insure the sale of being a wonderful success. One of the best auctioneers obtainable will be on hand to sell the animals to the biggest and best bidder and all indications are that the city will be filled on Thursday with farmers not only from Mason county but from all adjoining counties and pure bred stock dealers from all over the entire state. The sale is being thoroughly advertised all over this district.

Farmers who have no stock to offer for sale and who are not now in the market are being urged to be on hand to witness the sale and to see the great value of raising only good blooded animals on their farms.

POLICE SUSPECT RIVER - RATS OF WHISKEY THEFT

Several Attempts Had Been Made Recently to Steal Whiskey From the Pogue Distillery and These Thieves Are Suspected.

The local police who have been investigating the robbery of a barrel of whiskey from a C. & O. freight car at the local depot late Tuesday night, have about reached the conclusion that the robbery was not the work of a gang of river rats who have been hanging along the shore of the Ohio in this section for the past several weeks.

It has developed that some river rats have been endeavoring to break into the Pogue distillery for the past few weeks and that only a few nights ago a heavy government lock on one of the warehouses was badly battered by persons who were endeavoring to gain an entrance to the warehouse.

Chief Ort and his men have started an investigation which is not only local but which extends throughout this entire district and they expect to have the whiskey thieves behind the bars before long. Clues which were picked up during Wednesday and Wednesday night are now being carefully run down.

LARGE AUDIENCE TO HEAR BERTHA FARNER COMPANY

Tickets are being reserved free of charge at the Standard Drug Company's place of business.

DATE OF OPENING OF LOCAL MARKET TO BE FIXED TUESDAY

Meeting of Maysville Tobacco Board of Trade Has Been Called for Tuesday Evening When Opening Date Will Be Set.

Secretary J. C. Rains of the Maysville Tobacco Board of Trade, announced this afternoon that a meeting of the members of the Board had been called for next Tuesday evening at the Chamber of Commerce building when the chief matter of discussion will be the fixing of the date for the opening of the local looseleaf market.

In fact the meeting is being called for this specific purpose and all of the warehousemen and buyers who are members of the association have been urged to be in attendance and express their opinion as to the best time for the opening.

It seems to be the general opinion of all tobacco men yet seen that Tuesday, December 9th, is the proper time for the opening and it seems to be practically settled that this date will be agreed upon at Tuesday evening's meeting. The market will remain open, except for a short holiday vacation, during the entire season after the first opening, it is learned.

"Are we keeping faith with the American people? What did we promise the 4,000,000 boys whom this Government called into the military service of the country? To these men of the Army and Navy and their fathers and mothers we made two solemn promises which in their importance overshadowed all other objects we set out to attain. We promised that we would not consider this war won until we had liberated from bondage and oppression the enslaved peoples of Europe. We have repeatedly assured the American people that they were fighting to make democracy safe for the world. We have not kept our promise.

A WORKING GIRL'S LIFE

Day in and day out, month after month, she toils. Often she is the breadwinner of the family and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging-down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.

BOLSHEVICS IN OFFICE, SAYS SENATOR WATSON

Gives Names of Employees of Federal Trade Commission Who Have Been Prominent "Reds".

Washington, D. C.—That Bolshevism lurks in high office in the Administration and that it is empowered where it can do harm to the industries of the country, is the charge made by Senator James E. Watson, of Indiana, and it has startled the National Capital.

For the present he confines his evidence to the Federal Trade Commission, the members of which were appointed by the President. Here it is: "Stuart Chase had general charge in Chicago of all the investigations of the meat-packing industry and supervision of all the investigations of independent packing companies throughout the United States. He was married in 1915 and together with his wife, spent their honeymoon doing slumming work and making an investigation of a social character in Rochester, N. Y. He collaborated in writing a book called 'A Honeymoon Experiment,' which plainly shows the socialistic views of each. Since that time he has been a great contributor to magazines and newspapers of a socialistic character, and has written many articles against what he is pleased to call capitalism.

"His office at Chicago, the office of the Federal Trade Commission, during the investigation of the meat packers was in the Conway Building and it at once became the center of socialistic activities. He organized and afterwards became the president of the Fabian Club, a society founded for the express purpose of furthering the doctrines of socialism. About him in the Federal Trade Commission headquarters, were grouped such men as Victor Berger and Irvin St. John Tucker, both of whom have been indicted and convicted under the espionage act, and many other extreme socialists, and his office became the rendezvous of a number of men devoted to the destruction of property, the overthrow of Government, and the consummation of the ideals of socialism.

Samuel W. Tator, who, with Stuart Chase, had general charge of investigations, is well known in socialistic circles. During this time he was an avowed admirer of Lenin and Trotsky and frequently expressed his admiration of the soviet government of Russia. He was an active member of the Fabian Club and was pronouncedly against the Allies in the World War."

THE BERTHA FARNER CO.

Of first importance in the list of high-class musical organizations to be presented here this season is Miss Bertha Farner, Operatic Soprano, and her artists.

Miss Farner is one of America's most gifted singers. Her musical debut was made at the age of seventeen, with the Tivoli Opera Company, of San Francisco, in the same theater in which Alice Nelson and Tetrazzini made their initial appearances.

During her musical career she has appeared as soloist with the Los Angeles Symphony Orchestra, with the Mancini Opera Company of New York, the English Grand Opera Company, the San Carlo Grand Opera Company, and other famous organizations.

Abroad she appeared with the opera company of Nimes, France, and in concert in Paris, London, Brussels, and other musical centers. She sang the part of "Manon" before Massenet himself, and was warmly commended by that great master for the "sweet, persuasive voice" with which she sang the church scene.

Her training has been with such masters of vocal art as Jean de Reszke, Elie Tequi of Paris, Shakespeare of London, and Piccoli of Milan.

Miss Farner is a young woman of exceptional personal charm. She has a sweet and modest demeanor which wins her audiences, and a boundless ambition which compels her to make every appearance worthy of the highest standards of her art.

The assisting artists, including Miss Ethel Murray, famous 'cellist, are all artists of ability and experience. Their lyceum tours this past season were exceptionally successful.

Railway ties used in southern Russia are salted for preservation. The discovery of the efficacy of salt for the purpose was made accidentally some thirty years ago. The telegraph poles of Sebastopol soon rotted below the ground, and one of the workmen tried the experiment of putting a quantity of salt into the hole prepared for the reception of the base of the pole. The wood lasted five times as long as usual, and the experiment was repeated and extended to railway ties.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least 25c. a package—One cent a dose trouble was soon righted with a few doses of Black-Draught."

National Legislation of the Meat Packing Industry

1. Will not increase the amount of meat you can buy for a dollar.
2. Will not raise more animals.
3. Will not produce more meat.
4. Will not stop fluctuations in live-stock receipts or prices.
5. Will not increase the output of the packing houses.
6. Will not prevent strikes.
7. Will not reduce transportation charges.
8. Will not reduce the retailer's cost of doing business.
9. Will not increase the demand for the cheaper cuts of meat.
10. Will not lessen the consumer's demand for expensive delivery and credit service.
11. Can not at the same time raise prices paid farmers for live stock, and lower prices paid by consumers for meat.

But the slowing up of efficiency due to cumbersome governmental routine will have the effect of increasing the manufacturing charges between the cost of live stock and the cost of meats, thus forcing lower live-stock prices or higher meat prices.

The packing industry as now conducted, is characterized by keen competition, highest efficiency, and unusually low profits.

IN THE DAY'S NEWS

Today is the seventieth birthday of Sir William Mackenzie, a Scotch-Canadian who started on his career with a heritage of poverty and country air and in time became one of the eminent railroad builders and capitalists of the Dominion. In all large business ventures Sir William has been associated with Sir Donald Mann. As boys the two grew up together in Ontario. As "Bill" and "Dan" they went west together in early manhood to seek their fortunes. Arriving in Manitoba, Mackenzie worked at his trade as a carpenter and Mann found employment as a wood chopper. Later they entered into the contracting

business and soon the firm of Mackenzie and Mann became known throughout the western provinces. They started in a small way as railroad builders in Manitoba and met with such success that in a few years they had a system extending across the continent, together with steamship lines on both oceans.

TO KEEP OUT THE "REDS"

By an overwhelming majority the Republican House has passed a bill extending for a year after peace is declared, the drastic provisions of war time control over the issuance of passports to aliens trying to enter the United States. Representative Gallagher, Democrat, of Illinois, cast the only vote against it.

The President is given discretion as to enforcing the bill, by having authority, if he finds the public safety requires it, of issuing a proclamation making it unlawful for any alien to enter this country except under passports issued under the present war regulations.

Testimony before the committee during hearings on the bill showed that without the legislation there was practically no way to prevent Bolsheviks, anarchists, revolutionists and other so-called dangerous radicals from coming into the United States after peace is declared. It is the intention to make this law a stop-gap between the present time, and the date

when Congress shall have enacted permanent legislation for the restriction of foreign immigration.

"In the meantime Congress can and probably will determine its future policy with respect to the admission or exclusion of aliens," said Representative Rogers, Republican, of Massachusetts, who reported the bill from the Foreign Affairs Committee. "The proposed law therefore is primarily to preserve the status quo while the permanent program of regulation is being considered."

Good telephone service depends not only upon the telephone equipment and the skill and intelligence of the telephone employees, but also upon the co-operation of the telephone USERS. It is the responsibility of the calling person to be sure to give the operator the right number, speaking slowly and distinctly.

The operator's responsibility is, in turn, to answer the caller's signal promptly and to give the desired connection quickly and accurately. Still further, the called person co-operates towards good service BY ANSWERING PROMPTLY; and each helps by speaking distinctly and by practicing courtesy and patience under all conditions.

100 ACRES OF ONE OF MASON
COUNTY'S WELL IMPROVED
FARMS.

It is the M. M. and Chas. E. Rhodes farm (formerly the Alexander farm) located on the Maysville, Flemingsburg and Mt. Sterling pike; 7 miles south of Maysville and 10 miles from Flemingsburg, within a mile of Marshall Station on the L. & N. Railroad, near the little town of Lewisburg. This farm has a frontage on the above named pike and runs back to a cross pike, therefore is bounded on two sides by turnpikes. The improvements consist of a 7-room frame house, tenant house, good stock barn, and large tobacco barn, fencing better than is found on the average farm. Plenty of water any kind of a season. Improvements all in good repair, and farm is ready for occupation and to work without the expenditure of a lot of money. It is a very unusual thing of late years to have a farm of this class offered at public sale in this county, but the present owners are too far from it to give it their personal attention, and for that reason are selling. Liberal terms, which will be announced on day of sale, will be given. Possession March 1st, 1920.
